LEGNO

Le finiture Legno lasciano inalterate le caratteristiche del legno, esaltandone bellezza ed unicità. Le finiture Legno lasciano trasparire le naturali venature ed i colori sono puramente indicativi del risultato finale, che varierà a seconda del tipo di legno. Disponibili in versione opaca o lucida per creare ambienti naturali e ricchi.

WOOD

The Wood finishes leave the characteristics of the wood unaltered, enhancing its beauty and uniqueness. The Wood finishes reveal the natural essence and the colors are purely indicative, the final result depends by the type of wood. Available in matte or glossy version to create natural and rich environments.

ROVERE

Grazie all'interazione tra colore e tannino queste finiture mettono in risalto l'essenza del rovere senza alterarne il tatto la naturalezza. Queste finiture sono sviluppate per venire incontro alla particolarità del rovere ed alle sue caratteristiche di tannino. Le finiture Rovere lasciano trasparire le naturali venature, per questo motivo i colori sono puramente indicativi del risultato finale.

OAK

Thanks to the interaction between color and tannin, these finishes highlight the essence of the oak without altering its natural surface. These finishes are developed to meet the characteristics of the oak and its tannin. The Oak finishes reveal the natural essence, for this reason the colors are purely indicative of the final result.

NEW GALVANIC

Finitura di ultimissima generazione con effetto galvanico. Permette a componenti, arredi o dettagli in acciaio di essere rivestiti con un altro metallo nobile come avviene in un bagno galvanico. Disponibili in Satinsteel oro, ottone, rame, nickel o nickel nero.

NEW GALVANIC

New Galvanic open a new generation for the metal finishes. As in a galvanic process, the steel components are coated with another noble metal. Available in Satinsteel gold, brass, copper, nickel or black nickel.

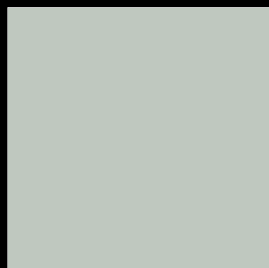

MATERICHE

Materiali preziosi e sapore contemporaneo si esprimono nelle finiture Materiche. Finiture dal design unico nel loro genere che si distinguono per la loro grande personalità, sempre in perfetta sintonia con ogni ambientazione grazie alle nuances dal tratto sicuro e ricco. Le finiture materiche possono essere applicate su legno e metallo.

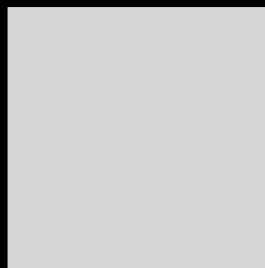

MATERIC

Precious materials and contemporary taste are represented in Materic finishes. With a unique design, these finishes stand out for their great personality, always perfectly harmonized with every background thanks to their strong and sure nuances. Materic finishes can be applied on wood and metal.

LACCATE

Le finiture Laccate rispecchiano le finiture del lusso attraverso l'eleganza di un'applicazione tradizionale opaca. Le nostre laccature sono ricche di profondità all'aspetto e per questo sanno creare riflessi di luce pur non essendo lucide. Le finiture Laccate possono essere applicate su legno, metallo o vetro.

LACQUERED

The Lacquered finishes through a traditional matte application create the luxury with elegance. Our lacquers has a rich deep look to create reflections of light as a glossy application. Lacquered finishes can be applied on wood, metal or glass.

SILK

Finiture laccate contemporanee ed eleganti con un aspetto opaco alla vista e effetto tessile al tatto. La ricercatezza di queste laccature permette di arricchire ogni ambiente o singolo oggetto con stile e design e possono essere applicate sia su legno sia su metallo e vetro.

SILK

Contemporary and elegant lacquered finishes with an matte look and a textile effect surface. The refinement of these lacquers allows to enrich every room or single object with style and design and can be applied both on wood, metal and glass.

LUCIDE

Preziose ed eleganti, queste laccature hanno un aspetto lucido e colori contemporanei. La nostra laccatura lucida, interamente realizzata attraverso procedimenti manuali di finitura, crea un risultato unico e prezioso. Possono essere applicate su legno e metallo.

GLOSSY

Precious and elegant, these lacquers have a glossy look and contemporary colors. Our glossy lacquer, entirely made through manual finishing processes, creates a unique and precious result. They can be applied on wood and metal.
